PRESENTATION

September Speaker

Nick Putman Bio:

PlantPax Characterization Test Engineer at Rockwell Automation and FDT Group Member. Nick works in the process and characterization lab at Rockwell Automation in Mayfield Heights, OH. He completed his undergraduate studies at Michigan State University and graduate studies at the University of Michigan, both in Mechanical Engineering with a focus on manufacturing automation architecture and predictive manufacturing intelligence.

NOTICES

Gord Wright 1941 - 2015

It is with great regret that ISA Sarnia has lost one of our long time members. Gord Wright passed away on August 28th, 2015 at the age of 74. Gord was a friend, mentor and co-worker to several of our members. Gord also served several terms on the Sarnia ISA Executive. Gord will be greatly missed by all those who knew him.

We wish his surviving family members peace and our ongoing support.

2015 Reference Guide is available for distribution and can be picked up at the following locations:

Lakeside Process Controls | 581 Vidal St. South | 519.332.2300
WIKA Instruments | 1355 Confederation St. | 519.344.1339
Provincial Controls | 864 Phillips St. | 519.336.7301

PRESIDENT'S MESSAGE

September Message

Dear Friends,

This is my first message in my second inning as President of ISA Sarnia Section. With help from section executives, officers & members, I promise to keep the momentum that our past President Mike Murray has established.

We are fortunate to have very enthusiastic team of professionals on our Section board and I am confident that the board will continue do a terrific job of representing your interests again this year. Having said that, we are always looking for new volunteers and will welcome any suggestions that you may have.

We have revamped our section website www.isasarnia.com and it is now online. Wally Nickel, Christy Alexander and Mike Murray have spent countless hours planning and executing this with the help from our contractor RedChair, kudos to them. There are many useful technical & other information on the website so I encourage all of you to visit the website, make use of these valuable information and provide us your feedback.

Our Program Chair Phil Luppke has selected very interesting topic "Integrating Device Intelligence" for our section's first member dinner meeting on Monday - September 28, 2015. This presentation will be made by subject mater expert from FDT Group. I hope to see you in big numbers at that meeting.

Have you ever thought about writing a short article or gathering industry news from around you? I encourage you to do that and send it to me or our newsletter editor, Anthony Greene or Webmaster, Christy Alexander; and we will share it with Sarnia Section membership at large. Believe me it is very satisfying and rewarding experience.

I plan to keep writing to all of you on a regular basis and I encourage you to write me back with comments, ideas, suggestions, complaints or just a friendly message and I promise to reply you back.

Looking forward to a chance to talk with many of you in person at the various Section activities throughout the year.

Cheers everyone,

Kalpen Vachharajani
President - ISA Sarnia Section
