# Guest Speaker Abstract

## Guest Entertainer - Mat Gauthier

Mat Gauthier started recording parodies at the age of 10 with guitar, keyboards, bass and drums. Throughout the years, Mat has built versatility in his voice by recording these parodies without realizing that it would eventually be the key to developing his voice for impressions.

Mat coordinated a concert in March of 2002 that consisted of singers and musicians, and decided to give the audience something very different from the norm, a singing variety act. Using pre-recorded background tracks of musical favorites and adding a comedic twist to the words, he sang each song in the voice of the original artist. The audience loved it so much and before he knew it he was getting calls from corporate events, parties, churches, festivals...wherever there was a need for entertainment!! Mat's powerful 5 octave range allows him to sing impressions like Sinatra, Axl Rose, Buddy Holly, Ozzy Osbourne, Edith & Archie Bunker, Tina Turner, Willie Nelson, the Phantom of the Opera, over 100 voices and growing.

Undeniably, Mat Gauthier is a very talented singer, musician, songwriter and impressionist who is soon to make his mark on the world stage.

# President's Message

Greetings once again from the ISA Sarnia Section Executive. The cycle has once again come around to that time of year when we mark some important landmarks for the section. Which of these landmarks is most important is a variable depending on the individual. For some it will be the eager new executive we will propose at the annual awards night dinner. Others will be looking for the great value for a wonderful meal at that dinner. I am sure others will (I certainly hope) find the most appeal in the terrific entertainment we plan to provide. Regardless, we are hoping for a great turnout, and a strong show of support to incoming President, Steve Webster, and his prospective executive. Keep

in mind that all positions, with the exception of President, are open for nominations, and that any and all nominations are welcome, please contact myself or any other executive member to pass on any nominations, or even make them from the floor on awards night. The only condition is that the nominee must be a member in good standing at the time of nomination. We will, in addition, be presenting some awards to recognize people and organizations which have helped the cause in recent times. People (and companies) make a significant contribution to the organization and should be recognized for doing so.

Come out, socialize, enjoy a great meal, and be entertained!

I anticipate that the new executive will carry on with some of our initiatives, such as providing alternate formats for our general meetings, encouraging student membership and involvement, and initiatives to encourage new members and retain them. We welcome and encourage ideas as to how we can not only achieve these things, but anything else that comes to mind. I cannot stress too strongly the wonderful benefit we have with your society, and each of us being able to help mould it into what we feel it should be.

**Don Murch, CET**  
ISA Sarnia Section President
