## President's Message

### Another Successful Year!

It seems like just yesterday, that Past President Steve Webster handed me the reins of the Sarnia Section Presidency, yet here we are, fast approaching the end of a very busy, productive year for ISA Sarnia Section.

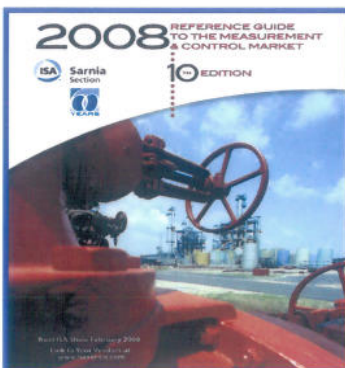

We are fortunate that our section has gained many valuable new members this year, and just as fortunately, we've retained a vast majority of our veteran members. Hopefully we are offering value to our members, not only by providing sufficient open access to technical standards, literature and excellent technical speakers at our Dinner Meetings, but also by doing so in a relatively casual, friendly format.

Our Section Executive Board endeavors to make our dinner meetings as light as possible, by reducing formality and protocol and encouraging a casual, friendly atmosphere. (On the personal side, however, one important lesson I learned at our March 17<sup>th</sup> Dinner Meeting, is that I will never be able to fall back on comedy for an alternative occupation!)

Speaking of comedy, I strongly recommend paying close attention to the announcements regarding our **special 60<sup>th</sup> Anniversary Dinner Meeting on the 26th of May**. We have a committee on the Executive Board that has been working hard on preparations just for that meeting, and I can assure you that we look forward to a really light-hearted evening that will include some nostalgia, a great menu, and excellent professional entertainment. I would challenge anyone to find a better value than the upcoming May 60<sup>th</sup> Anniversary Dinner Meeting, presented by our ISA Section. ***Please be sure not to miss it!!!***

Finally, I would like to thank all of our executive and regular members who have donated their valuable time to work on ISA Section business this year. Considering that ISA Section is a totally volunteer organization, our membership can be confident that they belong to a highly stable, relevant and successful organization, with excellent prospects for a secure future in Sarnia-Lambton. (Looking at the long-term, please take note that our next big Sarnia Section ISA Show is planned for February, 2009.)

Sincerely,  
Brian Davidson,  
President, ISA Sarnia Section
