Pick-up in Sarnia at: **Lakeside Controls**, 581 Vidal St. S.
Wika, 1355 Confederation St.
Provincial Controls, 864 Philips St. E.

President's Message

Hi fellow ISA members;

It is hard to believe that this is going to be the last member meeting of this Sarnia ISA Section year. It is also our AGM meeting where we vote on next year's executive, handout a few deserving awards and enjoy our dinner cruise. Sounds like a nice relaxing and enjoyable evening. I hope many of you participate.

It has been a busy year for me as my goal was to clear up a lot of loose ends on the business side of our Section.

Our production of The Reference Guide to the Measurement and Control Market was and is an excellent production. If you do not have a copy see one of your executive and he or she will get you a copy.

We have just completed the Lambton County Science Fair (April 11) and the District DLC (being held in Niagara Falls April 25-27). Our section has been well represented in both of these activities.

As always for Companies that have openings for students and full time Instrumentation type positions in sales, inside or outside etc. please let us know and we can post it for you. We know that we are always having members and students looking to better themselves in the work force and you just might have the perfect fit for each other.

The ISA Web/AMS project has been released and as is any new Web endeavour it still has a lot of loose ends to clean up. If you have not visited the site please do and if you find any issues inform ISA so they can be put on a list for attention. The steps for the new governance structure and rewrite of the MOP's are still in progress and will continue until completion.

We are now putting together our executive for next year. If you have any interest contact any member of your executive and we will find you a position. Give it some thought.

Be sure to give Rob Dickson a call if you wish to attend our AGM cruise. The sooner you call the better as it will allow Rob to be better prepared.

Thanks see you on the cruise

Mike Murray

President, ISA Sarnia Section

Speaker Dan Angelino

Lambton County Science Fair 2014 ISA Section Recipients

The Sarnia ISA has for many years supported the Lambton Science fair. It is interesting being introduced to the working of young minds of these young people. You cannot appreciate enough, the time and research that these young people devote to their projects. We certainly have the assurance that these young people will do well in their endeavours and as making themselves renowned for Canada. Each winner received \$150 Bursary from the Section and a donation was presented to LSF organization.

The winner for Junior category is Emma Meharg — Wave Power project.

For the Intermediate category the winner was Caleb Winder — Star in the jar project and for the Senior category Melissa Chopcian was the winner and her project was Computer Assisted Prosthetic.

Caleb Winder has advanced to the Canada Wide Competition being held in Windsor Ontario in May 2014. Congratulations to all the students who participated in the Lambton Science Fair.
