### Editor's Quiz

This is a new contest and it is based on your ISA knowledge. At the September dinner meeting when you register, you will have the opportunity to complete a question based on the ISA history. This contest is open to all members except the current executive officers.. Place your question answer into the contest box. One week prior to the November dinner meeting a winner will be selected and informed that he has won a free dinner for the November general meeting. All you have to do is answer the quiz when you register at the September General meeting, place your ballot in the box and you have a chance to have your next **free** meal to the November General meeting. We will start off with an easy question!

**QUIZ Question " Who was the first President of the ISA ( North America) when it was formed in 1945"**

## President's Message

### Presidents Message

Hello fellow members;

We start a new year with a good one just passing. Our section worked hard at meeting our goals although not all were met most of them did get done. We supported our local charities by making donations to the Diabetic organization on behalf of our past member James Callery who unfortunately passed away suddenly last year and was a member of the present Executive. We also support our local hospital with funds to help buy equipment for our new hospital. If you have not been in to see this facility you should make an effort you would be pleased to know the atmosphere would actually make you feel better, a great improvement over the old facility. Lambton College students continued to get our support in the form of scholarships.

We enjoyed the ISA Golf Tournament as usual, attended conferences, and had a great response to our Honours and awards dinner. The Honours and awards dinner includes some great entertainment I would encourage more people to attend this function. It is a great night out for you and your mate at a very reasonable price. Our dinner meeting attendance changed very little even with the efforts put into advising people verbally of the meetings, this may improve as we build on this and include more interesting speakers. Our membership changed very little which in this economy is good news. You may have expected a decrease so I am happy with the results.

Unfortunately we did not accomplish the summer event that I hoped we could set up but maybe this year with the help of the program chairman.

The executive will continue to try and make every event enjoyable for you to attend and as always this is your section if you have any ideas please come forward and talk to any of the executive and we will try to implement your ideas into our functions.

Thank you for your support last year and I hope you continue to come out and support your section this year.

Jeffrey Talbot  
Sarnia Section President

**Editorial:** It seems that the section is always looking for executive members and so far we have accomplished this with some success. The section is a good avenue for you to pursue your management and people skills. This is where you develop the skills of trustworthiness, commitment, values and working with your peers who are volunteers like you. There are moments when the executive becomes overpowering, dominant, indifferent to some of the ideas presented but this is where you learn to better yourself, to plan, to pursue your objectives and put forward a meaning full idea that helps the section to be strong and successful. Now you can say to yourself "it was worth it." Come step forward and become a leader in the Sarnia ISA section.
