## Sarnia Section ISA Dinner Meeting

*Our thanks to November's Guest Speaker...  
Mo Vadekar.*

*Congratulations to Door Prize Winner...  
Monique Larocque.*

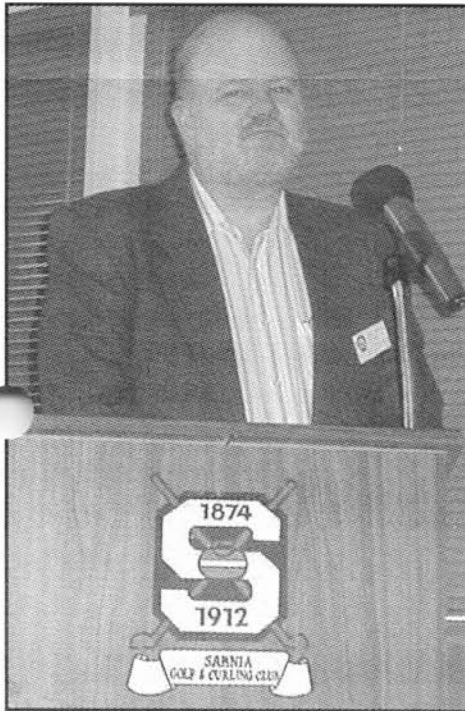

# Messages

Dear Fellow ISA Members,

As 2003 comes to a close, I would like to thank you for your participation in and support of ISA. The past year has been filled with challenges, a number of significant changes, and many bright spots for our "New ISA". We look forward to an even more successful year in 2004. It has been an honor for me to serve as your President over the last year. Thank you for being a part of the ISA family. I wish you and yours a Happy Holiday and a Healthy, Safe and Happy 2004!

Regards,

**Robert P. Ives - 2003 ISA President**

## Happy New Year Everyone!

I hope you and your families had a pleasant holiday season, and I would like to wish everyone all of the best for the new year. Now is a good time, at the beginning of a new year, and just past the old, to stop a minute and think about where we have been, and where we would like to go. We have a vibrant ISA section; we have won many awards for being outstanding in our size group. We have regular dinner meetings, including some interesting speakers, offer training and activities we feel will interest our members. We are even looking at the possibility of offering some sort of tabletop event with a tightly focused goal and possibly offering some training at the same time. We have been honoured in having one DVP just completing a term (Mike Murray) and having a second chosen from our midst yet again (Randy Dennie). This is truly unusual and speaks volumes about the quality of people within our group, as well as their willingness to take on this higher-level responsibility. This also gives our membership an opportunity to have a more direct line to the district level of ISA. It seems to add to the quality of what we do to have a DVP sit on our executive and help out with what we are doing. Certainly the reports they bring back help us with the wider perspective of what goes on in ISA.

May, and the golf tournament in June. My question here is, is this what you feel is most appropriate for your needs in ISA? Do you have some other ideas of things that might be done? Some other way of doing the same things? Let us know. We would be happy to hear from you. Perhaps your ideas may be sufficiently helpful we would invite you to join the executive committee. If that is too much perhaps you could just offer your advice. Either way this is your ISA, and is what you make it.

A few other events coming up include distribution of the new reference manual, you should be able to pick one up the coming dinner meeting, notice that benefits for Canadian members of ISA have been added to our Sarnia Section web site. Brian Smith is trying to determine whether there is sufficient interest in running an IEC 6151 (Functional Safety - SIS for the process industry). There will be a President's meeting in late April, and a district meeting in May. Choose your events, get involved, have a good time and learn along the way!

**Don Murch, President**
