ISA Guest Speaker Abstract

Thomas M. Swihart

*An Advanced Differential Pressure Flowmeter Technology
McCrometer Inc.*

Tom Swihart is the Process Industry Manager for McCrometer, Inc., and is located out of Houston, Texas. Tom holds a Bachelor of Science in Chemical Engineering and advanced degrees in Chemical Engineering and Mathematics. He perceives and discusses how flow instruments are a major part of the solution to process control problems, yielding more efficient and profitable plant operations.

ISA Sarnia Section ISA Dinner Meeting

Above: Our thanks to January's
Guest Speaker Hoag Ostling.

★ Special Announcement ★

Any ISA Past Presidents or Executives that may have ISA Paraphernalia, i.e.; Kates Awards or Section Performance Awards, are asked to bring them to the next ISA Dinner, for display and then, if they request, to be maintained by the Historian, Mike Murray.

ISA President's Message

Let me first thank all the visitors, exhibitors & presenters who supported the recent Sarnia Section Show. The show was one of the best we have ever had. My special thanks go to Marc Bouffard & his show committee for organizing such a super hit event.

As the ISA year 2002/2003 winds down, your section executives have achieved most of the goals set in August 2002 planning meeting. At this point I would like to mention that nominations for year 2003/2004 executive committee is open and let me know if you wish to participate. We will also be looking for some of the committee chair positions. If you want to have your opinion in determining our section's direction and future activities, please come forward and participate. Smallest of your contribution will be a big help to your own section.

Your section committee has been doing an excellent job in planning Table-Top Show, Technical Seminars, Dinner Meetings, Publishing News-letters and putting together social event like golf tournament. If you have any suggestion or comments please feel free to talk to me or any of the committee members. As always I will repeat that our regular dinner meetings are an excellent platform for all of you to learn and interact with your industry colleagues (not to forget excellent food at SGCC), so please come out and join us at our sections upcoming dinner meeting on March 24, 2003. Something that many people may not know is that, these dinner meetings are NOT limited to ISA members, so please spread the words around and bring a friend with you. Please register in advance to help us plan your evening.

Looking forward for a chance to talk to you in person at the next dinner meeting.

Kalpen Vachharajani - President

A quick update following our local ISA Show, feed-back has been very good. As I walked around and spoke to some of the vendors, new and old alike, most replied that they found the show to be successful and were glad to be here. Some veteran trade show participants have even commented that our show was one of the best they've been to in years.

The numbers have yet to be crunched for this article however attendance appears to be approximately the same as in previous years. Again, parking continues to be one area we need to address in order to increase this number.

We can also take pride in the first successful Foundation Fieldbus Pavilion where we demonstrated interoperability between various host systems and field devices.

To conclude, I would like to thank the following people for their efforts in making this show a success:

Don Mitchell
Mike Spearman
Wayne Wilkins
Gord Wright
Brian Smith

Andy Tucker
Kevin Noon
Ron Thurier
Brian Davidson

A special thanks goes to our president Kalpen Vachharajani for putting together the Foundation Fieldbus Pavilion.

Thank you,
Marc Bouffard
ISA Show Chairman
