NOTICES

ISA Table Top Show

ISA Sarnia will be hosting another ISA Table Top Show this year to get us back on track with our odd-year shows schedule. The Table Top Show will be October 17th at the Sunbridge Hotel, Point Edward between 11AM and 6 PM. Setup will be the previous evening. For sign-up and more information, please contact Mirko Pepe at mirko.pepe@intertec-inst.com. Please note that space is limited.

Lambton College ISA Awards

Congratulations to the following *Measurement, Control & Automation Award for Excellence* - presented by Darren MacNaughton - to the following recipients:

From Left to right; Kelly Johnston - 1st year, Ethan Armstrong - 2nd Year, Jamie Jordan - 3rd Year.

Not pictured - Caleb Parkes - 2nd year.

All recipients are from the Instrumentation & Control Engineering Technology program.

Lambton County Science Fair - 2023

ISA Award Winners with our Section Executive Assistant Darren MacNaughton at this year's Lambton County Science Fair.

2023 ISA Sarnia Golf Tournament

The Sarnia Section golf committee members are inviting you and your group to our annual ISA Golf Tournament to be held at St Clair Parkway Golf Course in Mooretown on **Friday, June 2nd**.

Due to the success of the tournament, we have limited the tournament to a maximum of 144 golfers.

Tee off time: Starts at 8:00 am

Dinner approx 1:00 pm (Roast beef w/ trimmings)

For more information, visit isasarnia.com and navigate to Golf Tournament under Member Services & Events

PRESIDENT'S MESSAGE

ISA Sarnia President's Message – May 2023

Welcome everyone to our 2023 AGM. I have had the privilege to be the president of our section during its 75th year. It has come with lots of learnings for me and some new perspectives on things. We have done some looking back and reflecting on 75 yrs and looking ahead to what comes next. Clearly things are changing rapidly but that is nothing new in the instrumentation world. Look how much technology has grown and changed over the span of our sections existence. The constant in all of this is knowledge and the ability to learn. For our next generation of Engineers and Technicians what they are learning technology wise in school now will most likely be obsolete before they graduate. The important thing is to learn how to learn and to recognize that life in our field of work is to be constantly learning and figuring out new things which is part of what makes it such a rewarding experience.

Helping to navigate the new technologies and understanding the fundamentals is where ISA shows its value. Connecting with others and learning from each other is what makes us stronger and better at what we do. As we look forward to another year, I wish everyone a safe and happy summer and hope to see everyone back in the fall. Our executive group is always looking for new people to help support our local section. Please reach out to any of the executive members if you are interested.

Best Regards,

Dave Woodill

President – ISA Sarnia Section

Training: May 29-30
Conference: May 31 - June 1

**OT CYBERSECURITY
SUMMIT**

The ISA Society is bringing conferences to members around the world. For more information, go to <https://www.isa.org/events-and-conferences/ot-cybersecurity-summit-scotland>

Further, April 28th, the founding day of the ISA Society, is International Automation Pro day. For more information, go to <https://programs.isa.org/automationproday2023>

For Social Media Contests Throughout April, watch for the social media contest on ISA's Facebook, Instagram, LinkedIn, and Twitter channels. On 28 April, we will choose three winners who will receive their choice of any one item from the ISA merchandise store. Everyone can participate! Make sure to include #AutomationProDay or #IAPD in your post. Students and Professionals: Post videos or photos of yourself or your section interacting with ISA or automation in general on ISA's social channels. Tell us how you see automation changing the world for the better! Show yourself working as an automation professional, participating in an ISA event, and/or interacting with others in the field of automation. Don't forget to include #AutomationProDay or #IAPD! I'm looking forward to see everyone's photos and thoughts this month about how automation professionals "create a better world through automation!" I'm hoping your section can promote these events to members and industry.
