PRESENTATION

Mario Hartard Bio

Mario Hartard is currently the Business Development Manager of Thermon Canada based in Oakville and assists the Industrial Market Segment in Ontario. He is a sales strategy leader who contributes to the business growth while helping customers in their industrial process heating needs. Prior to working with Thermon Canada, Mario has been associated with multiple reputed organizations such as Schneider Electric, BBA and Lafert Motors. With almost 25 years of professional experience in all kind of business development: marketing and sales, Mario holds a Bachelors Degree in Industrial Engineering from Universidad Iberoamericana in Mexico.

Topic - Introduction to Immersion Heaters

Industrial Immersion Heaters are an efficient way of heating up liquid solutions in processing equipment and in large tanks through the use of tank immersion heaters.

Using direct heat transfer to heat up liquids allows the liquid to quickly reach the desired temperature using the electric elements such as flanged heaters, screwplug heaters, over the side & bottom heaters and immersion water heaters.

This heating product solution is commonly used in chemical and petrochemical market as well as large water containers that require fast heat up time.

Immersion heaters are an excellent solution to rapid heating in almost any industrial environment and require minimum maintenance.

PRESIDENT'S MESSAGE

ISA Sarnia President's Message – November 2023

Welcome everyone to our last meeting of 2023. We wish everyone a safe and happy holidays. We had another successful table top show this month, thanks to all the volunteers who supported this and made it a great success. This will put us back on a 2 year cycle, the next show is targeted for November of 2025.

Our change in dinner venue was a great success. The meal was excellent and the speaker was quite interesting. We will continue to have them at Wagg's Restaurant for the foreseeable future.

As always we are looking for volunteers and new members. One of the items that stood out at our District Leadership Meeting last month was the consensus that peer pressure is one of the most effective ways to recruit new members. So bring a friend to our next dinner meeting and help grow our section.

Best Regards,

Dave Woodill

President – ISA Sarnia Section
